The Coming Selection.

In a few days this Island will be required to select three representatives to send to the Legislature of the United Colonies, and never was there an occasion in the history of the Colony requiring the exercise of sounder discrimination and judgment in the use made of the franchise. To continue bewailing the loss of representative privileges is trifling time. All the threatenings and railings of the demagogues, who in their blind thirst for greater power, bereft themselves of all voice in the Government of the country, and thus fell into a pit of their own digging, are mere bags of wind, the convulsive writhings of ambitious, but shallow and disordered minds in the throes of political dissolution; and the present constitution, that they have been instrumental in saddling upon us, is as likely to be amended at their dictum as Her Majesty's Government is to accede to the prayer of the petition passed at the Annexation Meeting (had that document ever seen the light.) We may deplore the fact that but three popular members are to be sent from this Island to represent our interests in a Legislature that can be virtually controlled by the Government, and we may blame Governor Seymour for not throwing open a larger proportion of the elective members to popular choice, but the power is in his hands, and he has a right to exercise it if his judgment or the counsel of his advisers so directs him. There are some—fortunately for the community they are a small and insignificant class—who are so devoid of all manly attributes as to advise the Electors to disfranchise themselves by ignoring the modicum of representation left to them; in other words, to "sit still while their throats are cut." Such cowardly and despicable sentiments deserve the execration of all right-thinking and well-disposed men, and we rejoice to see that the community is already alive to the necessity of making an early and judicious selection of the men in whom it is to repose so important a trust. The right of veto reserved by the Executive is a mere bugbear. It has previously existed in British Columbia, but as stated by Governor Seymour, in his despatch to Mr Cardwell, it will not be made use of except under peculiar circumstances. British Columbia has already returned at least three popular members who will act independently in the Council, and who are *not unfavorable to Victoria* interests, while the Governor has yet to select five representatives from those gentlemen holding commissions of the Peace on this Island, to fill up the representative list, and to suppose that these five official nominees, themselves possessing large landed interests in the Colony, will be menial enough to become mere puppets in the hands of the Executive, is an insult to their common sense and intelligence. We do not fear but that this section of the Colony will be well cared for in the coming session of the United Legislature despite the seeming disadvantage under which we are placed. All that remains for us to do is to see that the right class of men are constituted the organs of public sentiment in the legislative hall to the exclusion of political quacks and office seekers, we shall then stand some chance of seeing the affairs of the country conducted with "harmony in things essential; liberality in things not essential; and charity in all."

SPECIAL TO THE DAILY BRITISH COLONIST.

LAST NIGHT'S DESPATCHES

NEW YORK, Nov. 30.—It is believed in Montreal that the British Government has refused to pay the Alabama claims, and that Canada will have to look out for trouble with the United States. Major General Husted is expected to relieve General Lindsay now in command of the military forces in Canada. Governor Monck is to be recalled immediately. The news from Ireland has created the greatest excitement.

LONDON, Dec. 2.—Two regiments of troops have been ordered to leave here to-day for Ireland. Fenian excitement is on the increase.

LONDON, Dec. 3.—An immense reform demonstration is in progress in this city. It is estimated that there were at least 50,000 persons in the procession. Nearly all trades and societies were out in full force, and marched to the place of meeting. It was by far the largest and most important affair of the kind which has ever taken place in the country,

DELAYED DESPATCHES.

WASHINGTON, Nov. 26.—Nothing definite has yet been received from the British Government in relation to claims for indemnity growing out of depredations committed on our commerce by the Alabama and other rebel privateers. Correspondence is still in progress between the two Governments. The present British minister, however, shows a better disposition than the former one in the consideration of this important subject.

NEW YORK, Nov. 26.—Recent news from Ireland has caused great excitement at the headquarters of Jas. Stephens in this city, and the offices are now thronged from morning to midnight. Stephens disappeared a few days since and is not expected to show himself again. It is claimed that money, arms, and ammunition are coming in, and that the California Fenians have pledged $10,000.

A Montreal telegram says the Canadian authorities have had information that Stephens is not en route for Ireland, but is organizing an expedition against Canada. Troops have been ordered to garrison Fort Erie and all other exposed points.

CHICAGO, Nov. 27.—The second steamship of the new line between San Francisco and China will be launched in a few weeks, and two others of equal dimensions will be built as soon as possible.

Two lawsuits have been commenced in the Supreme Court against General Butler in which John Lester, resident of the city, charges him with false imprisonment and with the fraudulent confiscation of property; damages levied at $50,000. Lester, it will be remembered, received a pass from Secretary Stanton to bring his family from the South during the late war.

NEW YORK, Nov. 26.—Money is a shade easier. Stocks show a general advance. Government securities are higher, with increased business. Flour 15 to 25 cents lower. Wheat 2 to 3 cents lower. Weekly bank statements shows a decrease in loans of $530,000; decrease in specie of $300,000; decrease in legal tenders, $3,000,000; increase in deposits, $850,000; increase in circulation $127,000.

The *Post* says the recent spasm has passed off, but it has left behind a languor which checks business. Government stocks have advanced from 1¼ to ¾ cents above lowest quotations on Saturday, and they are very promising investments. Demand for flour is dull at 5 to 6 cents lower, closing heavy at $11 55@$13 14. Wheat is dull and heavy at 2 to 3 lower.

The "Evening Star" Disaster.

Half the horrors attendant upon the loss of the steamship Evening Star will never be published. Here is a chapter, furnished by the second mate, which conveys a faint idea of the awful scene which took plase. The second mate left the wreck in a boat containing the Captain, and twenty-one men and women. The boat was capsized eight times and all but nine of the people on board were lost. They finally got out of the trough of the sea. A correspondent of the N. Y. *Herald* concludes the affecting narrative:—

Before coming in sight of land one man and one woman died, and were thrown overboard. The rest of the men and one lady became insane, from thirst and hunger, and jumped overboard. This left the Mate and two young women, Miss Rosa Howard and Miss Annie Norton. They knew, on the night of the 8th, that they were near a port, from the feeble glimmering of the ship's lantern, which is allowed to disgrace this lighthouse; but the ladies were nearly insensible. Fortunately a slight rain came on at dark, and Mr Goldie wrung a small quantity of water into their mouths, obtained by spreading a small piece of petticoat on the after thwarts. This greatly revived them and reopened their stiffened jaws. They were sitting in the bottom of the boat, quietly, their hands clasped on his knees, when the boat entered the breakers, he steering with the piece of board.

The boat passed through two breakers successfully, but capsized in the third, in water so shallow that Goldie's feet touched bottom at once. He reached shore quickly, shouted to his companions and went into the surf as far as the undertow would permit, but neither saw nor heard them again. They undoubtedly, in their enfeebled condition, for six days without food or water, other than one small fish, and the rain of Monday evening—almost without clothing—exposed to an almost tropical sun—were drowned at once. They could not make the one small effort that would have crowned their heroic endurance with success. The body of Miss Annie Norton (printed Addie in the list of passengers) was found, and buried next morning above high water mark. Miss Rosa Howard's body (there is no Rosa Howard, but Rosa Burns, in the same list) was found the same evening by two fishermen; but their cowardly dread would not permit them to touch it. It was again seen by a little boy, who was unable to move it out of the surf.

The courage, patience, obedience of directions, heroic, quiet endurance of thirst and hunger and of an almost tropical sun, of all the ladies is spoken of by Mr Goldie as being beyond praise; but Miss Howard (who had but a chemise, with her name on its front) and Miss Norton (who had, in addition to that garment, a sort of worsted sack, trimmed with dark trimming, made to be worn with a belt,) who survived the rest of the passengers, were brave, gentle, lady-like, uncomplaining, able to obey directions, desirous of assisting themselves and others to the utmost—they were heroines. That they should have failed at the last moment, after such heroic struggles, is sad to think of. They needed but the steel like muscles of the officer to have secured success. Miss Norton was about twenty years of age, quite tall, with dark hair. Miss Howard, on the contrary, was not above five feet one and a half or two inches, and sixteen or seventeen years of age; both remarkably fine looking women the hair of the latter was also dark. The last named lady was from the city of New York.

My boatmen found the remains this afternoon. The sharks, shown by the marks of the teeth on the bones, had destroyed most of the body. It was that of a rather small female; a nearly entire foot was delicately and beautifully formed, and had always been encased in a light shoe. I buried the remains in the enclosed lot appropriated to soldiers and sailors who perished in the late war.

Conspiracy against the Life of Napoleon.

The Berlin correspondent of the London *Times*, under date of November 8th, says: "We all remember those days of anxiety in the begining of July, when the Emperor Napoleon, having been appealed to by a defeated Kaiser, hesitated as to the course he should pursue. We all felt it a great relief when, determining for neutrality, he promoted the speedy restoration of peace, instead of plunging Europe into a prolonged war, as he was requested. His motive has since been candidly explained by himself, and its wisdom and sagacity universally appreciated. I do not apprehend it will prejudice his Majesty in the oppinion of the world when I say that, in addition to the more public and political reasons which actuated him on that memorable occasion, he was influenced by a piece of private and highly interesting intelligence communicated to him about that time. On the 6th of July, the Grand Duke of Saxe Weimar was in a position to advise Napoleon III of the existance of an Italian conspiracy, consisting of a number of young men who had sworn to take his life were the recovery of Venice prevented by his interference. The investigations immediately set on foot by the secret police of France confirmed the statement volunteered by the Weimar potentate. My informant supposed, but it is not certain, that the latter derived his knowledge from persons of high trust at this Court."

Address from Cowichan.

The following address from the settlers, residents and property-holders in the Cowichan Valley was presented on Saturday to the Governor:

May it please your Excellency.—We, the undersigned inhabitants of Cowichan, beg most respectfully to congratulate your Excellency on the safe arrival of yourself and Mrs Seymour in the Colony, and we trust you may both be preserved in the uninterrupted enjoyment of perfect health, and that your stay among us may ever be regarded with pleasure and gratification.

As inhabitants of the most important agricultural sentlement in the Colony, we trust it will suit your Excellency's convenience, at an early date, to afford us an opportunity of giving your Excellency a personal welcome, from which we regret we are by distance at present precluded.

We also trust we may be permitted most respectfully to express our hope that the united Colony of British Columbia and Vancouver Island may, under your Excellency, so steadily increase in population and wealth as may afford your Excellency the well-merited approval of success, and give occasion to all under your Excellency's Government to look back upon your administration as the wisely directed commencement of a career of healthy progress, and that this earnest and sincere hope may be fully accomplished, we trust that the blessing of God may attend upon all your counsels.

We have the honor to remain, &c.

(Signed by)
WM. SHELDON REECE, A. M.,
Minister of Cowichan,
And above 50 others.

His Excellency in replying to the address said:

GENTLEMEN:—It is with great pleasure that I receive the address presented by you on behalf of certain inhabitants of Cowichan. Mrs Seymour joins with me in cordial thanks to the signers of it. I am sure our stay in the Colony will be attended with pleasure to us should prosperity return to these shores.

I shall have great pleasure in paying you an early, but short visit, in anticipation of a more lengthened one at a season of the year less unpropitious to the labor of the farmer.

I sincerely trust that the hope you express that the Colony may increase in population and wealth may be realized. I know no British dependency more favored by nature, and we want but the establishment of regular steam communication with the mother-country to induce many immigrants to avail themselves of the vast resources of British Columbia. I am not without hope that such communication will be speedily established with the assistance of the Imperial Government.

Believing that the worst days of the Colony are now passing, and that brighter prospects are before us, I shall use every effort to make permanent any improvement that may arise. If I leave the Colony more prosperous than I find it, I shall indeed have cause to look back with satisfaction to the period of my administration.

NEW DRUG STORE—We are rather gratified in recommending to the public so competent a Chemist and Druggist as Mr Fred. Beal whose ability in his profession has been well tested both in this Colony and abroad—he having culled his knowledge during several years of study and practice, in a protracted tour, extending from the snow-capt Pyrenees to the Great Sahara.

CHOICE MILLINERY BY EXPRESS—The new and elegant Show Room lately added to *Victoria House*, is now replete with the very latest novelties in Trimmed and Untrimmed PARIS BONNETS, *Hats, Shawls, Mantles* and other fancy articles received yesterday by steamer from Europe.

A New and Grand Epoch in Medicine.—Dr. MAGGEL is the founder of a new Medical System! The quan itarians, whose vast internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so his wonderful and all healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrum of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so-called) remedies of others, and upon which people have so long blindly depended. Maggiel's Pills are not of the class that are swallowed by the dozen, and of which every box fail taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant. There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. Ulcerous and eruptive diseases are literally extinguished by the disenfectant power of Maggiel's Salve. In fact, it is here announced that **Maggiel's Billious, Dyspeptic and Diarrhea Pills** cure where all others fail. While for Burns, Scalds, Chilblains, Cuts, and all abrasions of the skin, **Maggiel's Salve** is infallible. Sold by J. MAGGIEL, 11 Pine street, New York, and all Druggists, at 25 cents per box.

HOLLOWAY'S OINTMENT AND PILLS.—Scrofulous sores, blotches, eruptions, and all skin diseases soon pass away before the action of this extraordinary Ointment, which produces its effects with a rapidity and certainty never experienced by any other medicine in the world. Many of the ordinary eruptions are caused by suppressed perspiration, and as this penetrating unguent is at once opens the pores and invigorates the absorbents, it disperses the inflammation by a double process. Few external or internal diseases can withstand the joint influence of Holloway's remedies, whilst the Ointment cools and soothes outward complaints. The Pills, by purifying the blood, improving digestion, and stimulating the kidneys thoroughly, throw out from the system those subtle corruptions which engender erysipelas and its associated ailments.

☞ The best Remedy for Purifying the Blood strengthening the Nerves, Restoring the Lost Appetite is FRESE'S HAMBURG TEA.

It is the best preservative against almost any sickness, used timely. Composed of herbs only, it can be given safely to infants. Full directions in English, French, Spanish, and German, with every package. TRY IT!

FREDERICK SEYMOUR.

PROCLAMATION:

By His Excellency FREDERIC SEYMOUR, *Esq., Governor and Commander-in-Chief in and over the Colony of British Columbia and its Dependencies, Vice-Admiral of the same, &c., &c., &c.*

WHEREAS, by virtue of the provisions of "The British Columbia Act, 1866," and the subsequent proclamation of the same by the Governor of British Columbia, the Colony of Vancouver Island, formerly existing as a separate Colony, has been united with the Colony of British Columbia so that the said Colonies now form and are one Colony, with the name of British Columbia;

And Whereas, also it is expedient that the Legislative Council of the said Colony of British Columbia, as now existing, should shortly meet together for the dispatch of business, and that certain persons should be nominated and appointed and for that part of the new Colony of British Columbia called Vancouver Island;

New Advertisements.

To the Electors of the District of Victoria and Esquimalt.

GENTLEMEN:—In accordance with the expressed wish of many of the Electors of your District, I have the honor to offer myself as a Candidate for a seat in the Legislative Council. In a few days, I shall take occasion to acquaint you more particularly with my political opinions, though they are very generally known. Till then, I have only to say that, if returned, I will faithfully contend for the following leading principles:

1. For the greatest Retrenchment in the current Expenditure of the Government, compatible with efficiency in the Public Service,
2. A corresponding reduction in taxation, with a revision of our Financial policy.
3. Such an alteration in the Constitution as will give to the people immediately a clear and unquestionable control over the affairs of the Colony,
4. Such measures as may stimulate and protect the Industrial interests of the Colony, whether Commercial, Manufacturing, Mining or Agricultural, so that the Colony may be put in a condition, not only to employ, but to absorb labor and capital, to a greater degree than heretofore.
5. I shall be prepared to give a liberal and generous support to the Government in carrying through all measures that I may deem beneficial; and, on the other hand, an uncompromising opposition to all measures Governmental or otherwise, that I may deem to be objectionable.
6. I shall use my best endeavors to locate the Capital of the Colony where it will be most in harmony with your views, and, at the same time, afford the greatest accommodation to the Colony at large.

I have the honor to be, Gentlemen,
Your obedient servant,
A. DeCOSMOS.

THE BOARD OF EDUCATION had an audience by appointment with His Excellency on Saturday, at noon, and were graciously received. The items submitted to His Excellency's consideration were: The uncertain position of the teachers and the urgency of settling the same; the strong public feeling in favor of Free Education; the moderate annual expenditure per head for the education of 440 scholars, compared with that in San Francisco for more than 10,000; and the claims of the Board to the property belonging to the schools in the public reserves. His Excellency, in reply, declared himself favorable to "Free Education in the abstract"; he would give a written answer to the Board in a few days, but said that his intention was to refer the financial question to the Legislative Council, which would meet in the course of two or three weeks. It was observed that the whole question was in a nutshell—namely, whether the teachers should be paid and Free Education continued, or whether the whole system should be stopped; as also that although Gov. Kennedy had notified that he would guarantee no payments for education, he had left the establishment standing, and nobody had been dismissed; whereas the reverse had been the case with other departments. His Excellency did not contradict these observations, and the Board withdrew. We are glad to perceive from the result of this interview that Mr Seymour is in favor of Free Education.

CONVERTS TO CATHOLICISM.—A recent convert, writing to the *Weekly Register*, gives the following statistics of conversions which he now says are going on from the Anglican to the Roman Church:—"At the church in Farm-street the average for the last four years has been one convert a week received into the church. At Dr Manning's former church, at Bayswater, the average is about three in a fortnight; at the Oratory, two a week; at Islington, one in the fortnight; at the Carmelites' Church in Kensington, about one a week; at Kingsland Chapel, near Stoke Newington, two a week; and at Upper Ogle-street, Marylebone-road (near the famous St. Mary Magdalene's, high church, of Mr Stuart), there are never less than five or six Protestants for admission to the church. Of these converts about a third are from the upper and a third from the professional classes, the rest are artisans and their wives."

TERRIBLE THREAT—Mr Southgate is about to be annihilated. Listen to this fearful threat from yesterday's *Telegraph*, in its item about the political caucus meeting:

"A gentleman stated that *Mr Young would oppose Mr Southgate if no one else did.*"

There, Mr Southgate! Will you rush blindly to your fate after this timely warning? or will you not follow the example of the late defeated candidate for the Mayoralty, and solicit the weighty support of Mr Young? Remember! he combined his strength with that of Bunster, and the two polled just *thirty-nine votes*. What Young would have polled had he consented to stand alone is a subject for conjecture—something less than a baker's dozen, no doubt. Therefore, be warned in time! Secure Young's influence at all hazards—even if you have to "*divide commissions*" with him.

POLITICAL.—Mr DeCosmos is the only candidate who has come before the electors for their suffrages. It has not yet been decided whether Dr Helmcken will stand for the City or for District No. 2, in either of which he is sure of an easy victory. Mr Southgate is put prominently forward as a candidate for the city by his friends; but that gentleman has not stated whether he will stand or not. C. B. Young, it is said, is anxious to be dragged out as a candidate, but his name has not as yet been mentioned for the position by any person besides himself. It is understood that the matter will be definitely arranged to-day. A compromise by the friends of Messrs. Helmcken, Southgate and DeCosmos should be arranged.

FROM PORTLAND.—The steamer Fideliter, Captain Erskine, arrived yesterday afternoon, having left Portland on Sunday, the 2d inst., and been detained by stress of weather one day at Astoria, three days in Baker Bay, and one day in Neah Bay. She brought 22 passengers, including eight soldiers for Fort Steilacoom, W.T., and a large freight as per marine report. We are indebted to Captain Erskine for files of Portland papers. Passengers represent times as unusually dull amongst the webfeet.

SALE OF THE ST. NICHOLAS BILLIARD ROOM FIXTURES—All the splendid billiard tables, furniture, paintings, engravings and bar-fittings contained in the St. Nicholas Billiard Room, St. Nicholas Hotel, will be offered at auction by Mr McCrea to-morrow. The tables are Phelan's make, and are pronounced the finest in the city, being supplied with all the recent improvements. Most of the pictures are by celebrated artists and are worthy the attention of patrons of the fine arts. The bar fixtures would be objects of admiration in a first class metropolitan saloon, and are in perfect order. We commend this sale to the notice of saloon keepers and others who may be in quest of furniture, fixtures or pictures.

THE CANADIAN CONFEDERATION.—The united population of Canada, New Brunswick, Nova Scotia, Newfoundland, and Prince Edward's Island, in January 1864, was 3,618,151. The public revenues amounted to $13,264,963 annually. The expenditure was $12,507,000. The extent of the public domain which has passed into private hands was 45,638,854 acres, of which only 13,128,288 acres were under cultivation. The area not granted or sold, but nominally belonging to the Crown, and under the control of the Colonial Legislature is 214,282,817. The annual value of the agricultural products of the United Provinces is $150,000,000, and the assessed value of the farms, $550,000,000.

SMASH UP AND SPILL OUT.—Yesterday afternoon a horse attached to a buggy in which were seated a man and woman ran away on Yates street above Government and dashed with break-neck speed to the corner, where he ran against the awning of the Gem Saloon, involving himself, the vehicle, and the occupants in a common wreck. The man, woman, and horse were slightly injured and the vehicle smashed. The man gathered himself up and sloped, the weaker vessel, stunned by the shock, was led to her home by a sympathising friend, and the horse was conducted to his stable.

THE "SELECTIONS."—High Sheriff Adamson gives notice that on Thursday next, at noon, he will proceed to hold a nomination for two members to represent the City and Esquimalt in the Legislative Council, in front of the police barracks; and for one member to represent No. 2 District, on Friday next, at the school house, head of Fort street: Should a poll be demanded, it will be taken at Esquimalt and Victoria on Friday, for No. 1 District, and on the 17th inst. for District No. 2, at the places named in the advertisement.

GOVERNOR DARLING'S CASE.—A London correspondent writes:—"Lord Carnarvon has intimated that it is not his intention to re-open the question of Governor Darling's recall from the colony of Victoria, as decided by his predecessor in office. Nothing remains, therefore, for Sir Charles but to appeal for a re-hearing of his case in Parliament; and this, I am informed, it is not improbable he may do."

H. B. Co's CLAIMS.—W. C. Johnson, attorney for the Government to take testimony in the case of the Hudson Bay Co. and Puget Sound Agricultural Co. against the United States, accompanied by Messrs. Tolmie, Huggins and Wark, who represent the interests of these companies, arrived yesterday from Puget Sound. They will be engaged here for a few days in taking testimony.—*Oregonian.*

FROM SAN FRANCISCO.—The schooner Sarah, Captain Collins, 28 days from San Francisco, ran into Esquimalt harbor yesterday morning. The Sarah was out during all the late severe weather and lost her sails. She is bound on a prospecting tour for oysters for the San Francisco market.

MECHANICS INSTITUTE.—The Elocution Class will meet this evening at eight o'clock, when readings and recitations will be given by the following gentlemen: President—Cochrane; Mr Rennie; Mr Guild; Mr Dally; Continuation of the "Early History of Vancouver Island," by C. B. Young.

RETURNED—Tom Lafont, on the Fideliter, from a successful tour through Washington Territory and Oregon. T. L. will open here with a company in a few days, when he will present startling novelties in his line. Look out for fun!

FROM COMOX—The steamer Emily Harris, Captain Frain, returned from Nanaimo and Comox yesterday evening. Terrific gales are reported all along the east coast, during which the Harris and Douglas steamers lay at anchor at Comox.

FOSTER'S WHARF, at Esquimalt, has settled beneath the weight of a portion of the ship Biddle's cargo of coal, which was being discharged upon it, and the unlading has been discontinued.

☞ By order of General Halleck, the headquarters of the United States Military Department of the Columbia have been changed from Fort Vancouver to Portland, Oregon.

REV. DR. BURNS, of Toronto, C.W., has been appointed to take temporary charge of the congregation worshipping in the First Presbyterian Church, Pandora street.

THE OLD CABLE between Lopez and San Juan Islands has been carefully raised by Mr Haines and brought to this city by the steamer Mumford on Saturday evening.

MR THOMAS FOORD, a native of England, was killed on his farm, at Salt Spring Island, a few days ago, by falling from the roof of a barn which he was engaged in shingling.

NANAIMO—The bark Almatia sailed on Friday for San Francisco with 500 tons of coal; and the schooner Crosby sailed on the same day for Portland with 106 tons of coal.

VICTORIA RIFLE CORPS.—No 1 Company, Monday at 8 p. m. No 2 Company, Wednesday at 8 p. m. By order J. GORDON VINTER, Lieut. Adj.

THE ISABEL returned yesterday from Burrard Inlet, where she left the bark Evelyn Wood.

A BALL, given at Nanaimo on Friday night last, was largely attended, and proved very successful.

WORK on the Comox coal mine has been discontinued for the winter.

MR JOHN WARK, of the Hudson Bay Co., returned from Portland yesterday.

Medical.

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREAUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE, OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PREPARED BY

DR. J. C. AYER & CO.,
LOWELL, MASS.

Price, $1 per Bottle; Six Bottles for $5.

Ayer's Cherry Pectoral

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills,

FOR THE CURE OF

Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and for Purifying the Blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price 25 cents per Box; Five Boxes for $1.00.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANAC in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on. Demand AYER'S, and take no others. The sick want the best aid there is for them, and they should have it.

DR. GIBBON S DISPENSARY

617 KEARNY STREET, NEAR COMmercial, San Francisco, established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis, in all its forms, Seminal Weakness, Impotency, etc., Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

DR. GIBBON has the pleasure to announce that he has returned to this State, after an absence of one year during which time he visited all the principal Hospitals of Europe, among them those of Dublin, London and Paris. The following celebrated Hospitals of London are among those visited by the Doctor: Guy's, High street, Borough; St. Bartholomew's, Smithfield; St. Luke's, Old street; St. Mary's, Camb. Place, Pad.; Lock, Harrow Road; University, Gower street; Westminster, Broad Sanctuary; Charing Cross, Agar street, Strand; London, Whitechapel Road; Royal Free, Gray's Inn Road; King's Cottage, Portugal street.

DR GIBBON has also visited Drs. Acton, of London, Parker, of Birmingham, Eng., and Ricord of Paris, who are considered the best Physicians and Surgeons in the world, and whose authority is acknowledged to be the highest in the treatment of Sexual Diseases.

DR. GIBBON has obtained from them their new mode of treatment, which cannot be surpassed.

DR. GIBBON has spared neither time or money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system. Look at their pallid, emaciated and disfigured faces, and their broken down constitutions, disqualifying them from the happiness of marriage or of the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible, life-destroying maladies—see that they are cared for, and cured before it be too late. Send them immediately to DR. GIBBON, a physician who has made private diseases his especial study for years, who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those afflicted, or to those who are interested in the welfare of their frends, to be careful of the many pretented Doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful, and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness

Seminal Emissions, the consequent of self abuse. This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr G. will give one hundred dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

DR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure or make no charge.

Persons at a distance may be cured at home, by addressing a letter to Dr Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells, Fargo & Co.

Dr Gibbon's method will not interfere with the ordinary occupation of the patient while under treatment.

Address Dr J. F. Gibbon, 617 Kearny street, near Commercial, San Francisco, Post Office Box No. 252.

Consultations FREE.

Prevention better than Cure

The newly invented Patent French safe, a sure preventive against diseases and pregnancy, sent by mail—price, $2. Address Dr J F. Gibbon, 616 Kearny street corner Commercial, San Francisco, Post Office Box 252.

Caution to the Unfortunate

Beware of the San Francisco quacks and pretenders, who, with bogus sworn to certificates, dupe the unwary. Some of the self-styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen, and became too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. Look over the San Francisco Directory and you will not find their Medical Institutes in it, but you will find their former occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make enquiry—it will cost you nothing and may save you many regrets; for, as advertising physicians, in eight cases out of ten, are bogus, there is no safety in trusting any of them until you know who and what they are. Dr Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patient's letters, etc. Dr Gibbon will satisfy persons who may call at his office, of his ability to treat diseases that he proposes to cure.

Consultations free.

Persons writing Dr Gibbon, will please state that they see his advertisement in the COLONIST & CHRONICLE.

CURES AND COMFORT FOR THE BED-RIDDEN.

-BY-

Holloway's Ointment.

This wonderful Ointment acts like magic in relieving and curing old sores, wounds, bad legs, ulcers and eruptions of the skin; when rubbed on the surface it penetrates and purifies each tissue on its passage, and exerts the most wholesome influence over the internal structures. It heals by cleansing all animal fluids with which it comes in contact, and thereby promotes a sound and permanent cure.

Gout and Rheumatism.

To sufferers from the racking pains of Rheumatism and Gout this Ointment will prove invaluable. After fomentation with warm water the soothing action of this Ointment is most remarkable; it seems at once to lesson inflamation, ease pain, reduce the swelling, restore natural circulation, and expels the disease. For the above complaints Holloway's Ointment and Pills are infallible specifics.

Diptheria, Bronchitis, Sore Throats, Coughs and Colds.

This class of diseases may be cured by well rubbing the Ointment, three times a day, upon the throat, chest and back of the patient. It will soon penetrate and give immediate relief. In all stages of Influenza, Colds and Bronchitis, this treatment may be followed with efficiency and safety—indeed, it has never been known to fail.

All Varieties of Skin Diseases, Scrofula and Scurvy.

This Ointment is a certain cure for Ringworm, Scurvy Scrofula or King's Evil, and the most inveterate skin diseases to which the human race is subject. They cannot be treated with a safer or more speedy remedy than Holloway's Ointment, assisted by his celebrated Pills, which act so powerfully on the constitution and so purify the blood that these disorders are completely eradicated from the system, and a lasting cure obtained.

Dropsical Swellings.

Beware of this dangerous and stealthy complain which frequently creeps upon us by slight squeamishness or trifling jaundice, of which little or no notice is taken until the legs begin to swell. The cause of the evil must be looked for in the liver and stomach, therefore set to work earnestly by taking Holloway's famous Pills according to the printed instructions and rubbing the Ointment very effectively over the pit of the stomach and right side where those organs lie. Most dropsical cases will readily yield to the combined influence of the Ointment and Pills.

Piles, Fistulas, and Internal Inflammation.

These complaints are most distressing to both body and mind, false delicacy concealing them from the knowledge of the most intimate friends. Persons suffer for years from Piles and similar complaints when they might use Holloway's Ointment with instant relief, and effect their own cure without the annoyance of explaining their ailment to any one

Disorders of the Kidneys, Stone and Gravel.

Are immediately relieved and ultimately cured if this Ointment be well rubbed twice a day, into the small of the back, over the regions of the kidneys to which it will gradually penetrate and in almost every case give immediate relief; but perseverance will be necessary to effect a thorough cure.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs,	Cancers,	Scalds,
Bad Breasts,	Contracted and	Sore Nipples,
Burns,	Stiff Joints,	Sore Throats,
Bunions	Elephantiasis,	Skin Diseases
Bite of Moschetos	Fistulas,	Scurvy,
and Sand Flies,	Gout,	Sore Heads,
Coco-bay,	Glandular Swellings,	Tumours,
Chiego-foot,		Ulcers,
Chilblains,	Lumbago,	Wounds
Chapped Hands,	Piles,	Yaws,
Corns, (Soft)	Rheumatism

Bankers:

BANK OF BRITISH COLUMBIA.

Office:

...ON CREEK, CARIBOO—BRITISH COLUMBIA.

Manager and Superintendent:

J. B. CHANCELLIER.

PROSPECTUS:

The Company is formed for the purpose of Crushing Quartz in Cariboo District, where rich veins have been discovered.

Mr J. B. Chancellier has made application to the Gold Commissioner for three hundred (300) inches of water, and will, without doubt, obtain this privilege, as the erection of a Quartz Mill is so eminently calculated to develop the resources of the District.

The Mill is to crush quartz for all the Companies requiring its use, upon such terms as shall be determined by the Company, and of which due notice will be given to the public, but the Companies requiring to have their quartz crushed or tested, will have to furnish the men necessary for the operation.

The Mill is to have five stamps, of 500 to 600 pounds, amalgamating pans, and each pan to contain about 600 pounds of dry quartz, or 750 pounds of wet, and with the agitator, tools, &c., &c., can crush from 9 to 10 tons of quartz per 24 hours, and will cost about $5,000, and the motive power being very great, the number of stamps and pans can be increased if wanted.

The Capital is fixed at $20,000, in 200 Shares, at $100 each. A deposit of $50 per share to be paid at the moment of subscribing, and the balance as may be wanted by the Company, but no calls to be made before March 1st, 1867.

Mr J. B. Chancellier, who is a mechanician, is to be the Superintendent of the Mill; take charge of ordering its manufacture, erection and working, and as such, his traveling expenses are to be defrayed by the Company, and he shall be entitled to such remuneration as the Company shall think fit, until he begins the erection of the mill, but from that time he shall be allowed and entitled to the sum of Twelve dollars per day.

The Members of the Company shall elect their Officers, and also a Secretary to keep the books and accounts of the Company.

It is intended to have the Mill worked night and day, and, necessarily, an assistant to Mr J. B. Chancellier, as Under-Superintendent, will be chosen by the Company.

All monies received on account of Shares, or otherwise, shall be deposited at the Bankers of the Company, and all payments shall be made by the Bank from cheque drawn by the officer duly authorized to that effect.

We, the undersigned persons, whose names are subscribed, are desirous to become Shareholders in the above named Company, and we respectively agree to take the number of shares in the Capital of the Company set opposite our respective names:
